

THE EARTHSHOT PRIZE

TERMS AND CONDITIONS FOR NOMINEES

By agreeing to be nominated for The Earthshot Prize you accept and agree to be bound by the following terms and conditions (the “Terms and Conditions”).

1. Introduction

- 1.1. The Earthshot Prize is a global environmental prize (the “**Prize**”) and platform for impact that was designed to find and grow the solutions that will repair our planet this decade. The Earthshot Prize’s mission is to inspire urgent optimism and bring about change through collective action.
- 1.2. The Prize is operated by a charitable organisation, also called The Earthshot Prize, with company registered number 13981670 and registered charity number 1198701 (“**TEP**”).
- 1.3. Potential recipients (which may be persons, organisations or institutions) of the Prize (the “**Nominees**” or “**you**”) shall be nominated by TEP or nominators which have been approved by TEP (the “**Nominators**”).
- 1.4. The Prize is centred around five ‘Earthshots’ – simple but ambitious and universal goals for 2030 which focus on nature, air, oceans, waste and climate. Nominators will nominate Nominees with solutions that impact on these areas of focus (each a “**Solution**”). The Prize includes the award of a cash grant of £1million (the “**Prize Fund**”) to each of the 5 winners (each a “**Winner**”) chosen from 15 finalists (each a “**Finalist**”) with Solutions which are judged to have the most significant impact on the five Earthshots.
- 1.5. Nominees will be considered for both the Prize and for other support and acceleration initiatives offered by TEP to further its charitable purpose, including but not limited to the Fellowship Programme, involvement in events, spotlighting and storytelling opportunities, and engagement with the broader TEP community including potential scale partners. Invitations to participate in these initiatives will be at TEP’s sole discretion.

2. Nominations and Nominees

- 2.1. Nominees for the Prize may be nominated by Nominators or invited directly by TEP to complete a nomination (the “**Nominations**”). TEP may also invite Nominees from a previous year to participate again.
- 2.2. Nominators can nominate themselves for the Prize in certain circumstances, for example, a colleague or team in a different department, or a grantee that it is funding. However, Nominators may not only submit a self-nomination and must also put other Nominees

forward. Any decision to allow a Nominator to self-nominate shall be made at TEP's sole discretion.

- 2.3. TEP shall be under no obligation to accept Nominations from persons or organisations that are not approved Nominators or have not been invited to submit a Nomination.
- 2.4. Nominees may be nominated within the same year for different Solutions, across any Earthshot. However, a Solution can only win or be selected as a Finalist once and only in one Earthshot category.
- 2.5. Solutions may be nominated by more than one Nominator. Being nominated more than once does not affect the chances of selection as a Finalist or Winner of the Prize.
- 2.6. To participate, all Nominees must undergo an initial screening followed by a detailed assessment, including due diligence/ background checks and a technical assessment. Failure to provide any due diligence information requested may result in your Nomination being disqualified.

3. The Nominations Process

- 3.1. Each year, TEP will set out a Nominations timeline with a clear period in which Nominations may be made for the next cohort of Finalists and Winners.
- 3.2. TEP shall be under no obligation to accept Nominations submitted outside of the Nominations period but may choose to do so at its sole discretion.
- 3.3. Nominators and Nominees will be invited to submit information relevant to the Nomination via the nomination form on the TEP nominations platform (the "**Nominations Form**"). Nominations may not be submitted, and will not be accepted, in any other format. All parts of the Nominations Form must be completed.
- 3.4. The Nominations Form must be completed in one of the languages that TEP has approved to be eligible for the Prize. Approved languages may be changed at TEP's sole discretion if necessary and can be found on the Nominator portal site.
- 3.5. Nominees may be contacted by TEP for further information beyond what has been provided within the initial Nomination Form, including being requested to participate in in-person conversations.
- 3.6. Nominees agree to work with TEP to determine the most suitable individual(s) to represent their Solution in public communications and content, and agree that approval of appropriate representation will be at TEP's sole discretion.
- 3.7. All costs of time pertaining to research, filling in the Nominations Form, responding to questions from the TEP team or wider TEP network and potential attendance of interviews arising from the submission of the Nominations will be borne by the Nominators or Nominees.
- 3.8. A Nominee may at any time withdraw an entry from the Prize on written notice to TEP.

4. **Process for Awarding the Prize**

- 4.1. The Nominations will be judged based on the selection criteria specified by TEP.
- 4.2. The first stage will involve a screening and selection process which will be conducted by TEP together with a panel of experts and partners selected by TEP (the "**Expert Advisory Panel**"). Following this, TEP will shortlist 15 finalists at its sole discretion. The prize council comprised of patrons and esteemed persons invited by TEP (the "**Prize Council**") will then select the 5 Winners from the 15 Finalists to receive the Prize Fund.
- 4.3. TEP reserves the right to reject or disqualify any Nomination which:
 - (a) is incomplete, duplicates another Nomination or does not fulfil the eligibility or selection criteria;
 - (b) is likely, in TEP's reasonable opinion, to be considered offensive or inappropriate or could reflect negatively on the name, reputation, or goodwill of TEP (including its patrons, partners or associates) or the Prize;
 - (c) is likely to fall foul of or breach any applicable laws or regulations; or
 - (d) is likely to infringe the rights of third parties (including without limitation intellectual property rights).
- 4.4. Nominees that are shortlisted as part of the process, agree to take part in face-to-face and/or virtual meetings and/or site visits as appropriate as reasonably directed by TEP.
- 4.5. Finalists will be announced prior to the Prize annual event ceremony that is conducted by TEP annually in different locations around the world (the "**Ceremony**") and Winners will be announced at the Ceremony. Details of all Finalists and Winners will also be made available on the TEP website following the Ceremony.
- 4.6. The awarding of the Prize and payment of the Prize Fund shall be at the sole discretion of TEP. TEP may decide not to award the Prize or pay the Prize Fund to a Winner, if, in TEP's reasonable opinion, it is discovered that the Nominee has done anything which may bring TEP, its patrons, partners or associates into disrepute.
- 4.7. All decisions relating to the Nominations, Finalists and Winners for the Prize are made at TEP's sole discretion. TEP decisions are final and binding, and no further correspondence or discussion will be entered into. TEP will not be obliged to provide feedback to unsuccessful Nominees on why they were not selected but will seek to do so wherever possible.

5. **Winners and Finalists**

- 5.1. The Prize Fund must be used for charitable purposes (as defined under the laws of England and Wales) which relate to and further the relevant Solution or the relevant Earthshot category as agreed with TEP. Whether an activity constitutes a 'charitable purpose' under this clause shall be the sole decision of TEP.

- 5.2. Nominees that are selected as Finalists may be invited to take part in a year-long fellowship programme dedicated to supporting Nominees to scale their Solutions for a greater impact. These Finalists may be invited to attend a week-long residential, face-to-face and/or virtual meetings and events, to devise a year-long plan that will unlock support from The Earthshot Prize network, but are not obligated to accept all invitations during the year-long programme.
- 5.3. The award of the Prize Fund to Winners is subject to passing a financial due diligence assessment, providing the necessary reporting to TEP and a separate grant agreement being entered into between the Winner and TEP setting out the terms of use of the Prize Fund (the “**Grant Agreement**”).
- 5.4. You must inform TEP if you would not be able to accept such a grant from a UK registered charity at the time of submitting the Nomination Form.

However, where the activity undertaken by the Nominee is not considered charitable, the winning Nominee may be asked to nominate appropriate grant recipients for the Prize Funds to be paid to instead. The grant recipients for the Prize Fund must be agreed with TEP and the grants shall be administered by TEP in accordance with an appropriate Grant Agreement. For the avoidance of doubt, where agreement cannot be reached on a recipient for the Prize Fund, TEP shall be under no obligation to make a grant of the Prize Fund.
- 5.6. The manner in which the Prize Fund is paid and administered shall be at the sole discretion of TEP and is subject to TEP having sufficient funds to make the payments when they fall due. TEP is not responsible for any deductions to the Prize Fund or the payment of any taxes as a result of a local country or region’s tax regulations.
- 5.7. The Prize Fund may be paid by TEP in instalments, the timings of which shall be set out in the Grant Agreement. TEP may withhold, suspend, or require the repayment of the Prize Fund in the event that it is not expended in accordance with the terms of the Grant Agreement.
- 5.8. The Prize Fund must be spent by the winning Nominee within the agreed timeframe specified in the Grant Agreement, with significant implementation of the Solution taking place within one to three years of the Prize being awarded. Further details in relation to the expenditure of the Prize Fund will be set out in the Grant Agreement.
